FROM:

Legislation Division  
Office of Congressional AffairsSUBJECT: State/AID draft foreign aid authorization  
bill - "International Security and  
Development Cooperation Act of 1986"

1. Attached for your information is a copy of the "International Security and Development Cooperation Act of 1986" (the "foreign aid" bill) as drafted by the Department of State and the Agency for International Development. The draft is currently in the Office of Management and Budget (OMB) coordination process and OMB has asked for the Agency's comments by March 25, 1986.

2. It does not appear that there are any provisions of concern to the Agency in this draft of the bill. Accordingly, if we do not hear from you to the contrary by close of business Friday, March 21, 1986, we will assume you have no objection to this version of the bill.

3. You may recall that it was last year's version of this bill into which the Congress placed several provisions of concern to the Agency including the "terrorism czar" and cutoffs of all United States Government funds to various countries. Therefore, we intend to monitor this bill closely after its clearance by OMB and introduction and will keep you apprised of important developments. Your cooperation is most appreciated.
